

1967 STATESMAN

The Class of 1967 Presents

The Statesman

Foreword

With the aid of this book, one will be able to remember experiences of college life which were long forgotten or which still remain vividly in mind. This book may serve as a record of the events in which we, as students at Delaware State College, participated and achieved the success toward which we have aimed.

We place high values upon the rich and abundant experiences gained during our college years and of the realization that these experiences determine our future. As we say our last good-byes to Delaware State College, we honor and encourage you, our successors, as . . .

We finish to begin

Dedication

We, the Class of 1967, proudly dedicate this edition of "The Statesman" to

Mr. Harry Washington, III

Mr. Washington, although busy in the mathematics department, has led our class successfully from our freshman year. We thank him for his advice and guidance and deeply appreciate his humble nature and altruistic personality.

When we look back and recall our college memories, he will appear in our minds as someone we all loved, needed, and appreciated.

Governor's Message

To Students and Faculty at Delaware State College:

It is always a pleasure to have this means of congratulating the members of the student body and faculty at Delaware State College.

While Delaware State is already a splendid and modern institution, it is the hope of all Delawareans that it can continue to improve; and we in government stand ready to provide further impetus for its development.

May I also take this means of congratulating you upon your fine annual Year Book? It is a privilege and honor for me to have this opportunity to submit a brief message assuring you of my interest in your academic career. If I can be of any assistance to you in your work, please feel free to call upon me.

Sincerely yours,

Charles L. Terry, Jr.
