

THE

1969

STATESMAN

When we, the CLASS OF 1969, entered Delaware State College, our President, Dr. Luna I. Mishoe, said that we were, "Embarking upon an Intellectual Revolution." Our class has not only met this challenge, but we have surpassed the full meaning of this "Intellectual Revolution," and have established "Social Change" as well.

As we look through the pages of this yearbook, we will remember the sweat, tears, joys and happiness of our years here at Delaware State College.

Our School's motto, "Enter to Learn, go forth to Serve," has become a reality. We have entered and learned and now our task is to go forth and serve.

We Dedicate to You . . .

ELIZABETH C. DIX

WE, the class of 1969, lovingly dedicate The Statesman Yearbook to Mrs. Dix in grateful commemoration of her loyal service to our class as well as our school. When we look back in this, our book of memories, she will stand in our minds as a symbol of hope, happiness and love, all of which she has poured on us.

Administration
Faculty
And
Staff

I am pleased to have this opportunity to address members of the CLASS OF 1969 at Delaware State College. I wish you every success as you put to practical use the knowledge that you've gained at Delaware State College.

To the remainder of the COLLEGE community, I say, "keep up the good work." Delaware State College has come a long way over the years. I am confident that its progress will be more impressive in the coming months and years.

Again, congratulations and good luck.

Sincerely,

Russell W. Peterson

Russell W. Peterson
Governor

President's Message

The publication of the College Yearbook represents a very definite and positive contribution to the College by the Senior Class.

On behalf of the College, I, therefore, express sincere appreciation and extend greetings and congratulations to the CLASS OF 1969 for having provided the college this very fine 1969 volume of the STATESMAN.

As one reflects on the total years of human experience, it is found quite often that one's college years are the most memorable of all, but even memory tends to sink and fade away in time.

The written word and the photographic impressions, which you have so brilliantly captured in this volume, will serve in the long and distant future as a true reminder and record of that phase of your life spent here at the COLLEGE.

I commend, also, your Advisors and all whose tireless efforts have helped to make this volume a reality.

It is our desire that it be catalogued and preserved among our treasured collection of rare books in the main library of the College.

Our sincere good wishes and good luck to each of you as you move on to greater heights.

Cordially yours,

Luna I. Mishoe

Happenings That Affected This Year

This is what we call Protection

Give us Tate

Oh! How they love us?

Demonstrations—Demonstrations

I guess they came to help us. Never in History.

We asked for understanding and help—we got kicked off of our campus. How is that?!!
